

Is Light a Good Symbol for Celebration?

Willow class have started a new RE topic. We began by thinking about the importance of light and dark. We looked at candles and reflected on what they mean to us and how they help us.

Children fed back thoughtful responses. Candles made them feel peaceful, reflective, brought them closer to God and made them thoughtful. Some children didn't enjoy the exercise and found that they got bored looking at the candle – all responses are important. During the term we will be looking at the Hindu celebration of Diwali, the Jewish celebration of Hannukah and the Christian celebrations of advent and Christmas.
