

## **History scheme of work (from Sep 2022) -**

**Christian values underpinning learning:** Together we love and respect. We are creative, we are determined, we are confident, we are kind.

### **Intent**

The National Curriculum (2014) forms the basis for all subject teaching ensuring continuity and progression in an age related curriculum. In addition, teachers make sure the content is relevant and stimulating by delivering through themes and topics.

Our history curriculum has been developed because we believe that:

- Children need to understand the impact of the past in the shaping of our future
- Children need to connect with their personal history – this can then influence the way that they think
- Children need to understand the importance of change over time
- Children need to understand the history of the areas that they live in so that they grow in respect for their community
- Children need an excellent knowledge and understanding of people, events, and contexts from a range of historical periods and of historical concepts and processes.
- Children need to develop a respect for historical evidence and use it to support their explanations and judgements
- Children need the ability to think critically about history and communicate ideas very confidently in styles appropriate to a range of audiences.
- Children need to develop a passion for history and be enthusiastic and engaged in learning, which develops their sense of curiosity about the past and their understanding of how and why

### **Implementation**

History is often the theme of a class topic. It is essential that staff plan units so that they are cross curricular, linking to subjects where appropriate. Although history can be dominated by knowledge we connect a series of skills through the scheme of work that are matched to age and stage of development. Skills include, chronological understanding, historical enquiry and interpretation as well as developing the skills of presentation and organisation.

St Blaise School believes that trips, visits and the use of artefacts are essential in the implementation of engaging children in their history learning. We use local museums, castles and hillforts as well as borrowing resource boxes and loan service artefacts. Teaching children to respect the past is vital; by using first hand experiences pupils have a far better understanding of its importance. Additional information about teaching techniques can be found in our school learning and teaching policy.

We provide different topics covering a range of time and eras – this is within and outside pupil’s memories. Poplar and Maple are still on a 2-year cycle but years 3 and 4 have now been separated. It is expected that in 2022, all classes will be single year, and this will be the structure.

*Year 6 Maple	<b>Invaders and Settlers</b>	<b>Invaders and Settlers</b>	<b>Extreme Earth</b>	<b>Extreme Earth</b>	<b>Rivers and Waterways</b>	<b>Rivers and Waterways</b>

At the beginning of a unit of work/theme/topic children input ideas about what they want to learn and find out; often through brainstorming questions or bringing in artefacts and resources. Where possible we engage parents in supporting the initial resourcing of projects as well as offering them show case style events that promote the learning that has taken place.

Planning will take into account the wide range of historical vocabulary needed to enable children to speak with confidence and accuracy.

## **Impact**

### Long term:

- That children's experiences will support the acquisition of historical knowledge
- That children will be able to communicate effectively to others – imparting their knowledge and enthusiasm
- That children will make decisions in life that will be underpinned by a knowledge of the past
- That children will understand the timelines of their personal histories, local history, British history and world history
- That children will be able to build on their knowledge throughout their education then adult life – creating lifelong learners
- That most children will have an on-going interest and in some cases a passion for history

### Assessment in history:

- Pupil voice – to check understanding, understanding of key techniques, progression, confidence in discussing history
- Displays and books – opportunity to practice skills, varied and engaging curriculum, showcased final pieces, clear progression in skills
- Feedback from parents and guests who attend show case events

### Role of the co-ordinator:

- Celebrate successes
- Collate appropriate evidence over time – this should show that pupils know and remember more over time
- Monitor the standards in the subject to ensure that outcomes are at expected levels
- Provide ongoing support/ signposting
